

Limestone is a sedimentary stone that is formed in warm, shallow marine waters over millions of years. Composed mostly of calcium and fragments of marine organisms such as coral and shells.

Classic Light Honed & Tumbled Limestone Batons are characterised by a blend of light to medium linen tones.

This is an artisan crafted stone with tumbled edges and a brushed surface for an organic aesthetic.

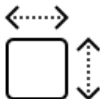

NOTE: Shade/batch variation is an inherent characteristic of all natural products. The colour of the material supplied may vary to samples/images provided.

Custom sizes available

APPLICATIONS

Interior Walls	Yes
Exterior Walls	Yes
Interior Floors	Yes
Exterior Floors	Yes
Splash Areas i.e. shower walls and splashbacks	Yes
Wet Areas i.e. shower floors, baths and pools	Yes
Countertop	-

INSTALLATION + CARE

Sealing may be required. We recommend Chemforce Stain Protector™.

For routine cleaning of internal natural stone surfaces we recommend Chemforce 5+5™ Enzyme Cleaner Concentrate.

For routine cleaning of external natural stone surfaces we recommend Chemforce Oxytec-M™ Oxygen Cleaner.

NOTE: Detailed technical data, installation and cleaning guides are available upon request.
